

### 01 CHILL AT HOME

You can freeze all sorts of food; cake, bread, cheese etc. Tip: freeze in portion sizes. Try lemons and limes in slices - these are great in summer drinks.

### 02 TRASH OR TREASURE

One person's trash is another person's treasure. Check out products made from 'waste' e.g. [FRUU](#), [Toast Ale](#) and [Snact](#).

### 03 SHARING IS CARING

Have excess food that you know you won't get round to eating? Offer it to a neighbour or share it via the food sharing app [Olio](#).

### 04 WATER ON TAP

Carrying a refillable bottle around with you can save you cash and be healthier. Check out the handy [Refill](#) app.

### 05 FOOD WASTE REVOLUTION

Join the food waste revolution and help restaurants prevent food waste and check out [Too Good To Go](#).

### 06 COFFEE WISDOM

Enjoy your favourite hot beverage in your own refillable cup. Lots of coffee shops offer discounts if you do too - win-win!

### 07 TIME TO SHARE

Share your time and skills with others and earn theirs in return. Time is money with apps like [Echo](#) that allow you to give what you've got and get what you need.

### 08 BE A BORROWER

Got a DIY job that needs doing but you don't have the equipment? You can borrow rather than buy at [Library of Things](#) or rent new gadgets from [Tryatoc](#).

### 09 ON-THE-GO PRO

Take your own travel cutlery set with you. They fit easily in any bag and you won't have the worry of plastic ending up in your food.

### 10 LOVE NOT LANDFILL

In the UK, we throw away 11 million items every week that end up in landfill. Donate items you no longer need or want to a local charity shop or clothing bank. For sustainable fashion news follow [@LoveNotLandfill](#)

### 11 DON'T PULL THE SHORT STRAW

In London alone, two billion straws are used every year. Each one takes seconds to make, minutes to use and hundreds of years to degrade. Say 'no straw thanks' next time you order a drink.

### 12 RESTART YOUR DEVICES

Broken or slow electrical device? Don't despair, you can repair. Take it to a [Restart](#) party to help reduce electronic waste and save you money. If it's truly broke, then recycle it at your [local re-use centre](#).

### 13 SWAP YOUR CLOTHES

In the UK, we have £30 billion of unworn clothes in our cupboards. Discover the [global swishing movement](#). Swap items of clothes you no longer wear for something new-to-you.

### 14 BIN IT FOR GOOD

Litter costs Britain £1bn per year to clear up - that's a lot of money that could be spent elsewhere and it's also a significant contributor to plastics in our oceans. The world needs more heroes - pick up a piece of litter and pop it in the bin [#LitterHero](#)

### 15 FOOD IS NOT RUBBISH

Recycling one banana skin could create enough energy to charge two mobile phones. Find out where you can recycle your food waste - check your local council website, they may collect it. Or you can home compost to help your garden grow.

## CIRCULAR CHALLENGES

There are lots of actions and choices we can all take to live a more circular life. Be part of the transition!

Above are 15 challenges we are encouraging Londoners to complete during June.
